John - Your request for an extension to submit an updated Chapter 7 (including the PHC and other additional information) is granted until August 3, 2007.

Pam

Per our conversation on Monday please consider this a request to extend the above mentioned permit condition deadline of July 2nd.

Due to additional information, identified by Consol and your staff, needed to clarify property ownership, surface hydrology, and water rights data within the MRP, Consol is requesting that the deadline be extended to August 3rd, 2007.

The PHC update including the ModFlo analysis are complete and portions of this can be sent to your staff to review in draft form if requested.

Please call if you require additional information.

John Gefferth
